

FACULTY SENATE RESOLUTION 81-02

WHEREAS, the LSU campus throughout its illustrious history has been considered a place of quality and beauty, providing an environment for students, faculty and visitors illustrating the unique personality of Louisiana; and

WHEREAS, the impact of a rapidly growing student body has placed great stress on the many natural beauties of the campus; and

WHEREAS, it is vital to the future of the University that the valuable landscape resources be continually maintained at a high level and upgraded where necessary;

THEREFORE, BE IT RESOLVED that a Campus Planning Office be established, guided by a committee from the College of Design, to prepare a comprehensive plan for an orderly growth of the campus which will preserve the natural beauty and dignity of the campus; and

BE IT FURTHER RESOLVED that the Campus Planning Office will work closely with the administration of the University in the implementation of that plan.
